

Extract from:

Engines for Change, Engineering Change

Keynote address by **Prof Beverley Oliver**,
ACDS Teaching and Learning Conference 2013

This slide is a summary of advice for Associate Deans Teaching and Learning.

Agree the model
Draw on evidence
Do the hard yards
Build teams, capability
Teach and publish
Seek peer endorsement
Communicate with consistent visual language
Use national frameworks and networks
Hitch your wagon to the bandwagon
Stay with core values: what really matters...
Don't reinvent the wheel...your TLC
Show examples and prototypes
Manage up, across, down
Financial literacy
Policy
